## Rice Market Report

**Italy:** The market is still pretty calm and a bit strange, there are not many offers but there are not many requests either. It is even difficult to understand the price levels, the official lists do not reflect the reality of the market and the price ranges are quite large, depending on the payments terms.

Some rice mills do not have enough work to get busy for the all week so they only work 4 days a week and some who worked 7/7 now stops on Friday afternoon.

Paddy Sole decreased a little, it is now at €280-290/MT.

The situation of by-products is a nightmare almost every rice mills are in delay with the deliveries, there are not enough by-products and their prices are constantly increasing.
