Rice Market Report

Italy: The market is pretty calm, the farmers don't want to sale the paddy long A and B. A lot of people think that it is to obtain a price increase and reach €320/MT within 15days, by the 20th latest the 25th November.

Farmers are not willing to sale the round grain paddy either. For now the rice mills are using their stock to avoid having to buy on the market.

The paddy price Arborio and Carnaroli decreased slightly compared to last week. The by-products tend to increase, they are sought after and difficult to find. We have a good rice quality this year. What is good for rice buyers but less good news for by-products buyers.
