## Rice Market Report

**Italy:** The paddy Indica is theoretically at €290/MT but a rice mill who looked for it yesterday, a very small quantity, 10MT could not find anything at €290/MT and was obliged to pay €300/MT to get it. The market is heavy

Given the lack of business the markets are still little frequented and the farmers are busy in the fields. The paddy prices of the internal rice have all decreased, drastically for certain like the Roma for example and little bit for others like the Baldo.

We are also seeing prices reductions for by-products. Nevertheless, the availability has not increased.
