Rice Market Report

Italy: There is not much to say, these last 2 weeks there has been no change in the paddy prices.

No price decreases is expected for round grain rice, the 83% having been loaded there is only 17% available to arrive until the new crop ... The idea is that the round generico white rice reaches €700-720/MT for loading in May and approx. €730/MT for loads in the month of September-October. Although the price can be high the only advice we can give you, if you have needs, it is better to cover you as soon as possible.

The statistics for the new crop provide for a slight increase in round grain area. Regarding quantity, it will have more or less, the same quantity as this year.

We do not know how the crop will be. In Italy, water is still missing for the moment...
