Rice Market Report

Italy: There is not much paddy Indica available on the market, for the moment the farmers got €320/MT but they are not willing to sale, they wait and hope to get later on €350/MT.

Small price reduction on the paddy type Carnaroli €320/MT.

The rice mills would like to buy the round paddy at €280/MT but for the moment the farmers do not give up anything so we stay at €300/MT. Most of the rice mills are covered so they do not buy and hope that the price will drop a bit in the coming weeks if they do not turn up interest for the round paddy.

There is still no official estimation on actual hectares sown to rice nor more specifically how much of these hectares will be devoted to the different types of rice. It seems that the sown rice is already 20 days late. However they announce that the good weather will arrive in Italy, let see if the delay will be filled.

The situation of the by-products hardly changes, they are always extremely difficult to find.
