

Rice Market Report

Italy: There have been increases in risotto rice paddy and round grain rice paddy. Despite this, it is impossible to buy Arborio paddy, even a major market player seeks to buy it from other rice mills, since farmers do not want to sell.

The situation of Indica paddy is not improving either, it is an extremely rare commodity, one could even say impossible to buy.

Farmers have finished sowing. It is still too early to understand how the new harvest will unfold. We will have more information at the end of July.

For the moment the weather is not helping much, the weather remains overcast, and the rice needs sun.

By-product prices remain stable.
