# Rice Market Report

**Italy:** Nothing new, not much is happening in Italy and the rice mills work truly little because of the high prices. Some are trying to make offers a little bit more attractive to make their plant run by offering €10-20 /mt cheaper than the market price.

The Indica paddy remains at €400/mt.

This lack of work only accentuates the problem of the lack of by-products, the price of which continue to rise. They are therefore still extremely sought after and almost impossible to find.
