Rice Market Report

Italy: The round paddy CENTAURO is coveted this week, and was paid € 400/MT with payment 90 days but even at that price it is difficult to find! The SELENIO meanwhile is still officially listed at € 400/MT. Nonetheless farmers do not sell at this price. It is expected an increase in the range of € 50/MT in the coming weeks.

Paddy CARNAROLI stops to increasing. Some quantities can even be found at €750/MT, but the concern of a further increase persists, as it is short and the new crop is still far away

Paddy VOLANO is paid €800/MT but only with a yield of 58 kg with lower yields it is accessible to € 780/MT

Paddy ST. ANDREA at € 650 /MT is no longer sold, farmers aim €700/MT.

Some paddy batches LONG A "LUNA" and "DARDO" can be found at €380/MT. But only same quantities and generally that price is applied by the farmer if the rice mill accepts to take some Round paddy.

Rice mills do not want to pay €350/MT for paddy INDICA anymore but at €330/MT farmers refuse to sell. So for the moment the price remains unchanged.

The very low prices of maize (€120/130 MT) and the aflatoxin problems on this product will perhaps encourage some farmers to grow rice again on the next campaign which comfort the rice mills.
